

Release Notes – Amasty Security Updates

Project: AuxCommerce Backend

Pull Request: [PR #137 – Amasty Security Updates](#)

Release Type: Security Update **Priority:** High / Critical Security Remediation

1. Overview

Security updates have been applied to the affected Amasty extensions to address recently identified critical and high-severity security vulnerabilities.

2. Security Updates

Package	Previous	Updated	Severity
amasty/base	1.21.0	1.21.3	Security dependency
amasty/module-company-account	2.7.1	2.10.3	Critical
amasty/google-account-login	1.0.2	1.0.3	Critical

3. Security Improvements

B2B Company Account – Critical

Updated Amasty_CompanyAccount to 2.10.3. Improved company account security and prevents company users from changing the email address of other store customers. No admin privileges are required to exploit the affected vulnerability.

Google Account Login – Critical

Updated Amasty_GoogleAccountLogin to 1.0.3. Strengthened SAML response validation to help prevent authentication bypass through replayed or cross-service SAML responses.

Amasty Base

Updated amasty/base from 1.21.0 to 1.21.3. This dependency update is required to support the latest secure versions of the affected Amasty extensions.

4. Related Dependency Updates

Package	Previous	Updated
monolog/monolog	2.10.0	2.11.1
onelogin/php-saml	4.3.0	4.3.2
phpseclib/phpseclib	3.0.47	3.0.57
robrichards/xmlseclibs	3.1.3	3.1.5

5. Impact

This update is focused on security hardening and does not introduce any intended functional changes to the existing B2B business functionality.

- B2B Company Account functionality
- Company user/customer management
- Google/SAML login flow

- Customer authentication
- Existing Amasty B2B functionality
- GraphQL APIs and frontend login flows

6. Deployment / Validation

Run after deployment:

```
php bin/magento setup:upgrade  
php bin/magento cache:flush
```

For production mode:

```
php bin/magento setup:di:compile  
php bin/magento setup:static-content:deploy -f
```

Verify installed versions:

```
composer show amasty/base  
composer show amasty/module-company-account  
composer show amasty/google-account-login
```

Expected: amasty/base 1.21.3; amasty/module-company-account 2.10.3; amasty/google-account-login 1.0.3
